

TIVA will be offering TEKS Implementation Sessions (Module 4 and Module 5) for the following Career Clusters:

- Architecture and Construction
- Arts, Audio/Video Technology, and Communications
- Human Services (cosmetology)
- Information Technology
- Law, Public Safety, Corrections, and Security
- Manufacturing
- Science, Technology, Engineering, and Mathematics (STEM)
- Transportation, Distribution, and Logistics
- Career Preparation – Chapter 127 (all CTE teachers should take this)

- **TEKS Training Will Include:**

- CTE Course Crosswalk (old->new CTE courses)
- Coherent Sequence of Courses
- New TEKS (course titles, credits, recommended/required pre-requisites, content, etc.)
- Scope and Sequence
- Programs of Study
- Industry Credentials/Certifications
- Postsecondary Connections
- Teacher Certification
- CTSOs
- Marketing Ideas for CTE Courses
- New CTE TEKS Common to all Clusters
-
- There will be no additional charge to attend these CTE TEKS Implementation Training Sessions as developed by TEA.
- The newly adopted Career & Technical Education TEKS (Texas Essential Knowledge & Skills) will go into effect beginning with the 2010-11 school year.
- [Click here to read your TEKS.](#)
- [If you would like to review examples of crosswalks for your courses, click here.](#)
- Having trouble access these CTE TEKS webpages, send an email to: TEKS@tea.state.tx.us .
-
- *Why attend the CTE TEKS Implementation Training at the TIVA Conference? Your peers from across the state (not just your local regions) will be attending; thus, you'll have more interactive discussions and different perspectives to share!*
